

When the sun goes down, and your Orlando vacation has just begun, are the young ones up to the challenge? Leave the fun to us! Kid's Nite Out provides in-room childcare at many Central Florida area hotels, resorts and vacation homes.

This invaluable service gives you the flexibility to create your own hours on vacation. Our professional caregivers provide one-on-one childcare in the comfort of your hotel / resort room or vacation home. Whether you are off to a meeting, out to dinner, playing golf, or getting a massage, you can enjoy peace of mind when leaving your child in the care of your staff.

Kid's Nite Out is not just a baby-sitting service! We can provide fun, well trained caregivers to accompany your family to the area attractions as a parent's helper.
